# 1 Introduction

**According to the proposal, Task 6.3.1 “workshops, seminars and stages” foresaw that some project partners had to organise local Workshops to stimulate participation of local administrations, hospital and other stakeholders, like policy makers etc. this activity started from month 8.**

During the second year of the project, when some more details on the H@H system were available and more specifically when the demonstrator was ready, the following meetings and workshops were organised in order to establish contacts and test the ground for further developments and market of the project results:

## 2 24th November 2011- ASL di Arezzo

### participants:

Mauro Naldini (Erreeffe),  
 Alfredo Rossi (Erreeffe),  
 Walter Scotto (Caribel), Wanda Pennè (Caribel),  
 Luca Fanucci (CPR), Massimiliano Donati (CPR),  
 Stefania Scarnato (ESTAV SE),  
 Rodolfo Rossi ( Direttore dip. Infermieristico territoriale),  
 Luigi Triggiano (MMG),  
 Claudio Pedace ( Direttore del Distretto),  
 Fabiola Mandolesi (Direttore attività sanitarie di comunità).

### Results:

The H@H project was presented and the home kit was described and shown to the audience.

Mr. Triggiano from MMG explained the objectives of the project “Domino per Arezzo” that were coherent with a potetial decentralisation of hospital competences to the territorial teams.

The conclusion was that of trying to operate (as far as the Heart failure concerns) on 2 different projects working in parallel. The project will be called “H@H per Arezzo - telemonitoring of not independent patients with heart failure”

H@H per Arezzo

The project intends to duplicate the experimental phase done from Fondazione G. Monasterio (FGM) in Pisa for patients in II e IV phase.

Next steps:

- meeting between specialists in Arezzo e dott. Passino /Endim from FGM Pisa in order to make a comparison on modalities and protocols and the experience in H@H ( Bani-Naldini-Fanucci)
- Supply of 2/3 H@H kits for the starting of a test (Fanucci)
- Install the monitoring software on a server under indication of Asl 8 (Costalli-Caribel))
- Verification of the integration of telemonitoring data with the hospital clinical record (Costalli- Caribel)

### **3 15th June 2011 - ASL di Bassano**

#### Participants:

Stefano Bani e Walter Scotto - Caribel

Giuseppe Centenaro - ASL di Bassano (ICT Director),

Amedeo Buzzo - ASL di Bassano (District Director) ,

Cristina Beltramello - ASL di Bassano (sanitari Director),

Francesca Busa - ASL di Bassano (District Director) ,

#### Results:

Strong interest in the project activity and results. A second meeting was planned in October

## 4 25th October 2012 - ASL di Bassano

### Participants:

Stefano Bani and Walter Scotto - Caribel

Giuseppe Centenaro - ASL di Bassano (ICT Director),

Amedeo Buzzo - ASL di Bassano (District Director) ,

Cristina Beltramello - ASL di Bassano (sanitari Director),

Francesca Busa - ASL di Bassano (District Director) ,

Tracazan Chiara Assunta - ASL di Bassano (Responsible of the purchase area).

### Results

This workshop was organised by Caribel in the frame of another workshop on Health territorial government, H@H project was not the main theme to be discussed.

The H@H telemonitoring was integrated in the development ideas of ASL di Bassano for the next years.

## **5 July 2011 - ASL PISANA**

### Participants

**Stefano Bani – Caribel**

**Mauro Maccari – ASL Pisa (ex Director SDS Pisa and Director responsible for chronic disease)**

### Results:

this was a first meeting where potentialities of the H@H System were shown and discussed.

## **6 15th December 2011- ASL di Sevilla**

### participants:

Francisco Pascual Peña (Technological Innovation Group - Virgen del Rocío University Hospital)

Francisco Javier Galindo Ocaña (Home Care Unit - Virgen del Rocío University Hospital)

Rafael Cias Ramos (Home Care Unit - Virgen del Rocío University Hospital)

Auxiliadora Fernández López (Home Care Unit - Virgen del Rocío University Hospital)

Carmen Aguilera González (Home Care Unit - Virgen del Rocío University Hospital)

Ricardo Parra Alcaraz (Home Care Unit - Virgen del Rocío University Hospital)

### Results:

This seminars was organised by H@H researchs. At first of meeting, Francisco Pascual presented the H@H project. After that, Dr. Galindo described the home kit and he shown it to doctors of Home Care Unit.

At the end of meeting, doctors expressed strong interest in the project activity.
