## Revision Table

Issue no.	Issue Date	Modifications
R0.1	16/12/2011	First Issue to HOPES partners. The web site is available since August 2011 (M12)

## Distribution List

---

This document is distributed to all the persons involved in HOPES via the mailing list [hopes-all@eurtd.com](mailto:hopes-all@eurtd.com) and also to CMU/AALA and local NCPs.

It is available on the HOPES Public web site (home page) and internal web site (in the deliverables dedicated space).

## Purpose of the document

---

This document describes the Public Website of the HOPES project. It focuses on the objectives, the contents, the building process and the final product.

## HOPES Public Website description

---

1. The web site objectives
2. The description
3. The content
4. The building process

### Objectives of the HOPES web site

- Provide a worldwide means of communication and information resource of the HOPES project
- Be part of the Dissemination Plan
- Ensure its notoriety
- Attract end-users and potential partners and clients

### Description

- A public website with regularly updated information, optimized for all supports including smartphones and tablets
- Manageable by Consortium partners (administration)
- Available in English at the beginning, the website has been designed to be translated in the language of the 3 others participating countries (French, Italian and German)

### Contents

Its address is <http://www.hopes-project.org/>

General information on the HOPES project

- Objectives
- Description
- Overview: activities and WP specifics
- Duration
- Supporters: AAL, national funding agencies, ...
- Consortium
- Events and achievements

### Building process

- RAND provided the Consortium members with a structure and content proposal, based on DoW and Kick-off presentations, during the Stuttgart Consortium meeting in May 2011.
- The Consortium members reviewed the contents and made some modifications, taken into account for the release 1 of the website.
- When completed, the website was made available for the partners, allowing them to suggest amendments and to provide more accurate or up-to-date information.
- The definitive version of HOPES website was opened to general public August 4, 2011.
- A website office has been created to update the HOPES website regularly. It is managed by RAND.
