

ACTIVE  
@ WORK

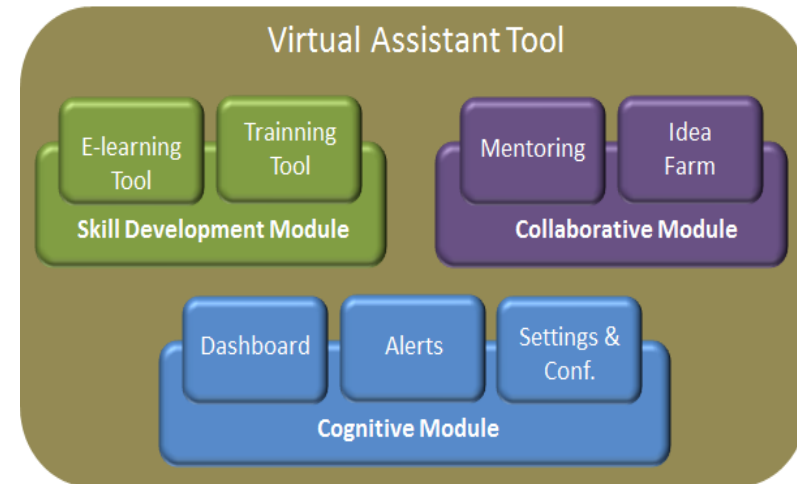

## PROJECT OBJECTIVES

The **Active@Work** project will provide a modular solution with a Virtual Assistant tool able to assist adult workers in particular those close to retirement age, to continue executing their daily work. This solution consist of:

1. An **Cognitive Module**; that will assist the user at accomplishing his/her work without compromising health and preventing any other risk derived from fatigue or stress at work
2. A **Collaborative module**; that provides consulting and tutorials services by sharing experiences between employees
3. A **Skill Development module**; that will provide support for the worker to engage in new activities, where his/her knowledge and experience will be an important and recognized asset.
